

Clara
Barton

Foolies

Granite High

Granite City, Illinois
April 12, 1955

Director
Hall of Fame
New York, New York

Dear Sirs:

We the Granite City
Chapter of the National
Honor Society, would like
to nominate Clara Barton
for the 1955 election of
great people.

We feel that her
contribution to the welfare
of this nation was quite

large in that she founded the American Red Cross. While she was not the first lady to do so, she was an outstanding pioneer in the field of combat nursing for women.

We know that it is customary to send nominations to the national headquarters of the National Honor Society of Secondary Schools, however. We were unable to do this as our meeting did not occur until after the deadline. We hope that you will accept this nomination. Thank you.

Sincerely yours,
Beverly Fossick, member
National Honor Society
